## HOW TO STUDY THE BIBLE

Tonight's Subject By Dr. Harlow at the Christian Church is a Most Important One.

As previously announced, Dr. Harlow spoke last night on the subject, "The Bride's Attire." The bride in question is the church, and Christ the bridegroom. The attire was the graces and virtues for which the early church was conspicuous. Dr. Harlow discussed briefly the history of the establishment of the church, giving a resume of the apostle's sermon on the day of Pentecost when the church was established; calling attention to the truths emphasized and the commandments given. But it was after the church was organized that the attire in question was put on. Special emphasis was given to the statement in the second chapter of Acts of Apostles and forty-second verse: "And they continued steadfastly in the apostles' doctrine and in fellowship, and in the breaking of bread and in prayers." The importance of each of these things was stressed.

There is quite a general tendency in the church today to disregard doctrinal subjects in private study and in public teaching. Yet this can but result in a weakening of the Christian life. One of the greatest needs of the age is to return to "steadfastness in the apostles' doctrine."

Steadfastness in fellowship is also of great importance. It is exceedingly unfortunate that so many who unite with the church have no real fellowship with their brethren. In so far as they fail in this they prove themselves unfaithful.

"The Breaking of Bread" here mentioned is the observance of the Lord's Supper. This ordinance was given for the sustenance and development of the Christian's life. Those who neglect it suffer loss. No one who understands the purpose and significance of the ordinance and truly loves Jesus will become weary by the regular weekly "Breaking of

Bread" according to the custom of the early church.

One of the greatest needs of the church, yet one that is surely neglected, is "steadfastness in prayer." It was when that church in Jerusalem was continuing in prayer and the other things mentioned here that thousands accepted Christ and were added to the saved. A church following their example faithfully will win similar results now.

The solo by Prof. Dawdy was said by many to be the best he has given thus far. Many members of the choir deserted last night on account of the rain, but it is expected that all will be out again tonight.

The subject for this evening's service will be: "How to Study the Bible." This is one of the most important subjects that will be discussed during the meeting. The service begins promptly at 7:45. Everybody is invited.

**LETTER TO PROF. WALKER KING,**  
Palestine, Texas.

Dear Sir: You are a teacher; here's one for your boys:

If the painting costs two or three times as much as the paint, and one paint goes twice as far as another, how much are those two paints worth?

If Devoe is worth \$1.50 or \$1.75 a gallon, how much is the other one worth?

How much is a gallon of paint worth, anyhow?

The answer is: Depends on the paint. The reason is: Paint isn't always paint. There are true and false paint and short-measure.

How much is a short-measure gallon worth? How much is false paint worth? How much is Devoe worth? There are millions a year in the answer to this last one.

Yours truly,  
F. W. Devoe & Co.,  
New York.

P. S.—C. S. Maffitt sells our paint.

## DO YOU KNOW?

The first lady answering the following questions correctly will receive a quartered oak medicine cabinet, hand-smoothed and finished in any shade desired. The second, a mission clock shelf. The third a mail box.

First question: The origin of architecture?

Second: The first architect?

Third: The best critic on architecture?

Fourth: In whose book was first written rules for squaring a building?

Fifth: Why are plain buildings attractive?

Get your answers in by 4 o'clock Saturday afternoon. Will be passed on by competent lady judge, and your reward delivered inside of thirty days.

## A NOVEL OFFER.

**Herald to Give Away Sweetheart Soap.**

Mr. A. E. Arrington of New York, representing the Manhattan Soap Co., makers of the famous Sweetheart Soap, was here today with a novel advertising plan and closed an agreement with the Herald to publish a free coupon on Saturday, April 17th, which will be appreciated by our readers. This coupon will entitle the holder to a cake of Sweetheart Soap at the stores of local dealers, a list of whom will be published with the coupon Saturday.

Sweetheart is an excellent hard-water soap and is rapidly gaining a wide reputation for toilet uses.

We quote here from a large soap dealer in the East: "You will have to hump if you want Sweetheart."

Over 300 boxes left our warehouse today and the Sweetheart agency is "broke" as far as having any Sweetheart in stock goes. The company has been swamped with orders from all the principal cities in the United States. We presume no one will deny that Sweetheart is the biggest seller of its sort in the world. Pure, of a delightful odor and a cost that is within the reach of all classes, and by the way, the proprietor of the Sweetheart factory is an unusual man in many respects, for he seems to realize just what the great public need and goes after it with that unselfish feeling which always breeds success. Pardon this 'eulogy,' but we feel by interesting our salesmen we are enlisting them in a good cause, which we hope may bear fruit."

Mr. Arrington reports gigantic sales on this soap in Chicago, San Francisco and New Orleans, these towns taking, respectively, 7, 5 and 3 cars each.

Mr. Arrington is an old Texan, having lived here 25 years ago, and is a firm believer in Texas and Texas institutions. During his absence from the state he has traveled all over the United States and says that in no section did he find the wonderful opportunities which abound in Texas. He is amazed at our phenomenal growth in the last 25 years and says that all we need to do is to take advantage of our opportunities and Texas will forge ahead to the leading place in the union.

## PEACH GROWERS

**Called to Meet at the City Hall on Saturday, April 17.**

After consulting with a number of the principal peach growers of this locality, it was decided to call a general meeting of the peach growers of Anderson county on Saturday, April 17, at 11 a. m., in the city hall at Palestine. The revised plan of the Texas Fruit Exchange will be fully explained, as well as the best plan for handling the peach crop of this locality. Every peach grower of Anderson county having one or more acres of peaches should attend this meeting. A full report of the acreage and condition of the peach crop should be made at that time and a careful estimate made of the probable number of cars that can be loaded at Palestine, and proper arrangements made for handling the crop in the interest of the growers. The present outlook is that there can be enough cars loaded at Palestine to justify buyers to come here to buy every car that can be loaded this season in this county, and also justify the Texas Fruit Exchange in paying

the salary of a local manager at this point. There are about 1,500 acres of peach orchards within a few miles of Palestine. If they would yield only one-third of a crate to the tree on an average it would make sixty car loads of peaches, which should net the growers over \$25,000. Don't fail to attend this meeting, and bring a careful estimate of the amount and varieties of peaches you will have this season. The meeting will be held in the city hall at Palestine on Saturday, April 17, at 11 a. m. Come.

B. M. Anderson,  
With Texas Fruit Exchange.

An occasional dose of Prickly Ash Bitters keeps the system healthy, wards off disease and maintains strength and energy. John R. Hearne & Co., Special Agents.

**DALLAS BANKERS AT BANQUET.**  
Occasion in Honor of John W. Wright and Reagan P. Wofford.

(Dallas Times Herald, April 7.)

There were local bankers galore who sat at banquet last night at the Southland hotel, given in honor of John W. Wright, president, and Reagan P. Wofford, cashier, of the Commonwealth National bank. With Royal A. Ferris as toastmaster, the affair progressed and terminated as merry as a wedding bell. Good digestion waited on appetite and health on both. The toasts responded to were as follows:

"How Glad We Are to Have You," J. Howard Ardrey.

"How it Looks to Drop from Twenty-Four Per Cent to Four and a Half," John W. Wright.

"How the New Bankers Shall Treat the Widows," Judge Nelson Phillips.

"Dallas' Debt to Its Neighboring Cities," A. V. Lane.

"How Will it Feel to Do for Nothing That Which Has Cost \$2.50 per Thousand?"—R. P. Wofford.

"How I Engineered the Deal," Thos. L. Camp.

"I Will Be Good to You," E. O. Tension.

"It Pays to Advertise," W. J. B. Patterson.

"When in Trouble Come to Me," J. B. Adove.

Habitual constipation is the door through which many of the serious ills of the body are admitted. The occasional use of Prickly Ash Bitters will remove and cure this distressing condition. John R. Hearne & Co., Special Agents.
